

Appl. No. 10/065,922
Amdt dated April 04, 2005
Amendment After Notice of Allowance dated January 04, 2005

REMARKS AND ARGUMENTS

Amendment to the Claims

The Examiner has allowed claims 1-5, 11-15 and 20-23 of the present application. By way of this response, Applicants have amended claim 20. Specifically, the term UV has been deleted from the claim. This term was meant to be deleted in an earlier response, but was inadvertently overlooked. As amended, method claim 20 now corresponds in scope with device claim 1 with respect to sensitivity to radiation. Applicants submit that the amendments do not require a substantial amount of additional work on the part of the Office. Therefore, Applicants respectfully request consideration and entry of the amendments.

Payment of Issue and Publication Fees

Applicants, in response to the Notice of Allowance, authorize payment of the issue and publication fees. A completed "Part B – Fee(s) Transmittal" and an extra copy are attached herewith.

Conclusion

In view of the foregoing, Applicants believe that all claims now pending in this application are in condition for allowance. Issuance of the Patent is respectfully requested.
